

SCHOOL AT LEE CENTER IS MADE PROJECT OF CWA

Score of Men Will Begin Work There Monday: ERA News

One of the largest of the Lee County CWA projects outside of Dixon will start Monday morning at the Lee Center high school when a force of 21 men will begin work. Masons, carpenters, cement finishers, plumbers and laborers will be included in the list of relief workers who will be given employment on the completion of an extended program of improvement which will finish the school, August Bohm, president of the school board, will supervise the work.

A group of 14 Dixon young men between the ages of 18 to 25 years, will report at the Illinois Emergency headquarters Monday for examination to be sent to Fort Sheridan. All of the men are from Dixon, the special order requiring that they be residents of a community with a population of 5,000 or over. This group is in addition to a recent consignment sent from Lee county, and was made possible under the CCC program to relieve drought sufferers.

Cemetery Surveys
A project which is proposed to be submitted from Lee county by Work Relief Superintendent J. E. Reagan in the near future, provides for a survey of all burial grounds within the county. This will include upwards of 50 cemeteries of varying sizes in the county, 42 of which have already been listed. The purpose of the project is to locate and prepare a description of the graves of all soldiers, sailors, marines or war nurses. Blanks provided for the project have been received at the local offices and an application for the approval of the county wide project is to be filed as soon as the necessary information is available.

Two cars of potatoes, 1,000 bushels were received by the Lee County Emergency Relief committee this morning for distribution throughout the county. One car of potatoes will be unloaded and stored at the local headquarters for the immediate distribution while the other will be unloaded and stored for future distribution. A car load of smoked pork was received here a few days ago which was distributed to several counties in this district.

More Hay Allocated
The six car loads of Oklahoma hay consigned to Lee county for the relief of drought stricken farmers, has been distributed, the last having been unloaded yesterday afternoon. Word was received by County Superintendent of Food Control Reagan this morning that an additional consignment of hay had been allotted to Lee county and is expected to arrive here early next week.

D. L. Miller, official photographer of the Illinois Emergency Relief administration spent Wednesday and Thursday in Lee County, inspecting various work projects. He was taken on a tour of the county by Work Relief Superintendent Reagan inspecting various projects where photographs were taken to show the progress of the work. Yesterday afternoon was spent at the Dixon Municipal Airport where work was started in forming the roof supports of the large hangar, which is being constructed of steel truss, and was removed from the streets of the city during the past winter. Other important projects which were visited and where several photographs were taken included Lowell park, Borden park, Dixon Municipal Airport, Van Auman park, Lee Center high school and the Amboy township high school grounds. The photographer will make other visits to Lee county as the work progresses.

Oak Park's Birth Rate was Highest in State in 1933
Washington, July 13—(AP)—Illinois stood fourth among the states in the number of birth during 1933, and only eight states could show better infant mortality records. The figures were published by the census bureau today.
Of the 2,964,944 children born last year in the United States, 106,861 were natives of Illinois. New York, Pennsylvania, Texas and Illinois led in number. The Illinois birth rate was only 1,000 population, however, was only 13.7 against a national rate of 16.4, and a rate of 14.4 in Illinois for 1932.
Deaths of children under a year old number 5,281 in the state, an average of 49.4 for every 1,000 live births against the national rate of 53.2 deaths. The Illinois rate had improved from 52.8 in 1932.
Illinois also showed a better record for stillbirths, the state total of 2,214 making an average of 3 deaths for every 100 live births. The national rate was 3.7.

Police, Bystanders Help Man Get Pigs to Market this Morn
Chicago, July 13—(AP)—With assistance from a squad of policemen and a score of bystanders, Roy Anderson of Kewanee got his pigs to market today.

His truck collided with an automobile and turned over at day-break today, his cargo of 30 pigs scurrying up dark alleys, down main thoroughfares and into restaurants.

A police squad arriving in a riot car rounded up the pigs bystanders upturned the truck and Anderson proceeded on his way with his helper Floyd German.

Republicans Say Best Comedians Are on Vacation

Washington, July 13—(AP)—The G. O. P. said today that while "some of our better known comedians" are on vacation, Democratic spokesmen are providing the people with "entertainment."

A statement from the Republican senatorial-congressional committee, which is preparing for the fall campaign, hit Postmaster General Farley, Senator Lewis of Illinois and others.

It said Farley, "doubling in brass, skips blithely from his role as head of the post office service to that of chairman of the Democratic national committee and professes to scoff at his opposition."

Because Farley, the committee continued, "would have the country believe that the Republicans are denuded of political issues," these were pointed out for his "enlightenment."

"The extravagances of the Roosevelt regime, the greatest and most expensive bureaucracy the world has ever seen, the disregard by new dealers of the constitution, the regimentation, along dictatorship lines, of the business man, the farmer and the ordinary citizen—just to mention a few."

Senator Lewis added "to the gaiety furnished by Democrats," the statement said, by saying "in effect" that if business will "only tell Mr. Roosevelt what it wants, it will get it."

"DOLLAR WHEAT" BACK ON BOARD FOR SHORT TIME

Chicago, July 13—(AP)—Dollar a bushel wheat came back to the Chicago grain market today in a sudden and spectacular flurry of last minute buying that caught many traders off guard.

Near the close of the day's trading a broker shouted "a dollar for December," climaxing a wave of buying apparently inspired by bullish foreign news.

The spirited buying, emanating mostly from the east, came at a time when the market was dozing in moderately lower ground, and prices suddenly shot up nearly 5 cents from the early low before profit taking checked the advance.

Little Promotion
There was little in the general news to promote the buying except belated recognition of widespread crop damage and a let up in hedging pressure. Reports that some traders had received bullish foreign news went unconfirmed.

Wheat closed slightly under the top levels, netting 2 7/8 to 3 1/2 cent gains for the day. December contracts, after reaching \$1.00, settled back a fraction.

Corn gained about two cents and oats about a cent.

The market opened at prices lower than yesterday and clung to this level through most of the early listless trading.

Mrs. F. E. Stiteley Died Yesterday in Los Angeles, Calif.
Friends here today received word of the death of Mrs. Frank E. Stiteley, formerly of Dixon, at 4 o'clock Thursday afternoon at her home in Los Angeles, Calif. Although she had been ill for several months her passing was unexpected. During her residence here, she was well known for her friendly charm and beauty, her husband was associated with the late George C. Loveland and his brother Charles Stiteley in the real estate and insurance business, now owned by Z. Newcomer Co. and their residence at 521 Hennepine Ave. now occupied by the Jacobs Home, was one of the finest in the city. Her husband died some years ago in California.

Slight Increase in Dairymen's Receipts
Chicago, July 13—(AP)—Frank C. Baker, milk administrator for the Agricultural Adjustment Administration, announced the blended price received by farmers for milk delivered to the Chicago market during June was \$1.84 a hundred pounds (4 cents a quart) compared with \$1.63 (.35 cents a quart) during May.

The rise was attributed principally to the minimum base price of \$2 a hundred (4.3 cents a quart) which prevailed in June, an increase of 25 cents over the May minimum.

The total volume of milk delivered to dealers who comply with the AAA license and report their receipts and sales was 134,903,115 pounds during June as compared with 132,000,000 during May, Baker said.

Plan for Reorganization of Middle West Utilities Company Agreed On; Common Stockholders are Included

Chicago, July 13—(AP)—The Chicago Tribune said today that creditors and security holders of the Middle West Utilities Company, a keystone of the former Samuel Insull enterprises, have come to an agreement on a reorganization plan.

The agreement, the newspaper said, was reached during an all-day conference yesterday in the

YOUNG KILLER IS EXECUTED BY GAS EARLY THIS MORN

Nineteen Year Old Boy Went to His Death Calmly Today

State Prison, Florence, Ariz., July 13—(AP)—George J. Shaughnessy, 19-year-old killer from Albany, N. Y., was executed at 4:39 A. M. today in the lethal gas chamber of the state prison. Shaughnessy, convicted of the killing a year ago of Lon Blankenship in a hold-up, met death calmly. He walked without aid to the death chair, where he was strapped sitting down, and waited without a show of emotion for the fatal fumes, which were released at 4:56 A. M. Three minutes later he was pronounced dead as his body convulsed.

A moment before he entered the chamber, walking with the prison chaplain, he stood and faced Warden A. G. Walker. "I love you, God bless you," he said to the Warden.

After spending the early part of the night in prayer, Shaughnessy outwardly became light-hearted in the last few hours before the execution. He sang songs to the tune of an accordion played by Louis Douglass, the only other occupant of death row. Douglass is under sentence to die on August 31 for the killing of a prospector.

Visited With Friends
The youth smoked several cigars, drank ginger ale and chatted almost gaily with a young couple who came to the prison and stayed with him almost until dawn. They refused to say who they were.

Shortly before he entered the death chamber he turned to several newsmen and said:

"Some times I think God picked me out to make this mistake so other kids could profit by my sacrifices. They will not heed my warning they will be in here just like I am now."

After the execution his body was taken to Casa Grande, near here, for burial.

WHISTLED LAST TUNE
State Prison, Carson City, Nev., July 13—(AP)—Joseph Behler, 36, Syrian, formerly of St. Louis, Mo., was executed in the prison lethal gas chamber at sunrise today.

The convicted slayer of Maxine Armstrong, Las Vegas dance hall girl, whistled a tune as he walked into the small gas chamber from his cell across a corridor of the building.

"Don't strap me to the chair too tight."

Five Beaten With Chain in Chicago Dairy Labor War

Chicago, July 13—(AP)—Five employees of the Blue Ribbon Dairies were beaten with a chain by two men who invaded the dairy plant today.

The police, after hearing the stories of the victims, said it was apparent they were beaten for failing to join a union. The plant had been bombed three months ago.

One of the assailants stood guard with a shotgun while his companion, who appeared intoxicated, flogged the heads and bodies of the dairymen with a chain. Four of the victims were wagon drivers and the other a route foreman. All were treated at a hospital for severe cuts and bruises.

18-MONTH-OLD BOY BELIEVED SNATCH VICTIM

500 State Troopers Search New York Woods Today

BULLETIN

Hartsdale, N. Y., July 13—(AP)—Fresh hope that Bobby Connor, missing since yesterday afternoon, is still alive came this afternoon when Greenburgh police found a long lost rattle belonging to the boy deep in the woods surrounding his Hartsdale manor home.

The red and green toy had been missing for four months. Finding of it led the police to believe the child had gone on previous occasions to play in the woods. It was revealed that an older brother, and at another time an older sister, of Bobby had wandered into the dense growth and been lost for several hours.

Hartsdale, N. Y., July 13—(AP)—An army of state troopers, police and volunteers beat through dense woodland around Hartsdale today for blue-eyed, 18-month-old Bobby Connor, feared kidnapped.

Authorities said they were convinced the child, missing since 6 o'clock last night, was being held for ransom. He is the son of Charles H. Connor, mortgage broker, and the grandson of Chas. P. Connor, wealthy retired New England clothier.

Bloodhounds failed to pick up the trail of the child, last reported seen while playing near the home of his parents in exclusive Hartsdale Manor.

Police expressed belief an itinerant peddler, who had called at the Connor home yesterday afternoon, figured in the kidnapping. They said he talked to the child's mother, Mrs. Lola Connor, shortly before the child's absence was discovered. Mrs. Connor is a member of a wealthy Bridgeport, Conn., family.

The child's parents said the only explanation they could give for the kidnapping was the possibility of a ransom collection from the boy's parental grandfather, now living at Arlington, Mass.

No ransom demands had been received, the parents said.

Bellevue, Ill., July 13—(AP)—Dr. A. J. Muste, executive committee member of the American Civil Liberties Union, will not be molested when he speaks here July 24, according to Mayor George A. Brechlin.

Six weeks ago Dr. Muste, a former minister, was arrested near the Knapp-Monarch plant during a strike and charged under the "Anti-Riot Act." He is at liberty on bond.

Yesterday Assistant States Attorney Charles Webb, who prosecuted Dr. Muste at his preliminary hearing, received a special invitation to listen to the speech. He said he would accept.

The Crosbys have another child, a 13-month-old boy, so Bing is looking forward to future foursomes on the golf links.

Germany Protests to U. S. on Gen. Johnson's Speech Denouncing Hitler's Acts

NRA Administrator is Not Squelched by Official "Kick"

Washington, July 13—(AP)—Replying to an official German protest against the anti-Hitler utterances at Waterloo, Iowa, of Hugh S. Johnson, the state department said today it was "to be regretted" that the position occupied by the recovery administrator made it possible for remarks by him as an individual to be "misconstrued as official."

The department made this statement in explaining a visit to Secretary Hull's offices today by Dr. Rudolf Leitner, charge d'affaires of the German embassy, to protest Johnson's speech.

Made Him "Sick"
In his Waterloo speech yesterday the NRA chief said conditions in Germany made him very "actively sick."

"The idea that adult responsible men can be taken from their homes—stood up against a wall—backs to rifles—and shot to death—is beyond expression," he said.

Secretary Hull declined to answer questions asked by newspapermen concerning any other phases of General Johnson's speech or the German government's protest.

He also declined to say whether the state department considered the statement made to Leitner by Hull could be considered as closing the episode, or whether any further action by the German government was anticipated.

STICKS TO GUNS
Omaha, Neb., July 13—(AP)—General Hugh Johnson, NRA administrator, today showed no signs of backing down from his denunciation of the Hitler "purge" in the face of Dr. Rudolf Leitner's objections to the state department in Washington.

"I meant everything I said," Johnson reiterated when shown dispatches relating that Leitner, charge d'affaires of the German embassy, called upon the state department for an official explanation of Johnson's speech at Waterloo, Ia., yesterday in which he arraigned the German government for allegedly executing men without trial.

"Nothing has impressed me so much since the war as these events in Germany," the NRA chief continued. "To me they indicate that when people depart from constitutional rights they enter into uncertainty."

Spoke as Individual
"I was speaking as an individual, not for the state department and not for the administration," Johnson declared.

"I meant everything I said; I will not take anything back, and I do not expect to be called down by the state department."

In his Waterloo speech, "events in Germany occurred which shocked the world. I don't know how they may have affected you, but they made me sick—not figuratively but physically—and very sick, x x x."

"I have seen something of the sort in Mexico during the Villa ravages and among the semi-civilized people or savages, half drunk on sotol and marijuana, but that such a thing should happen in a country of supposed culture passes comprehension."

Will Defend New Deal
The fairgrounds rally will commence at 2:30 o'clock in the afternoon. The subject of the address has not been announced but is generally expected to be in the nature of a defense of the New Deal.

Democratic state leaders are hopeful the rally will demonstrate a united party and that it will serve to bridge the gap which heretofore has existed between the national administration and the state organization in matters of patronage.

Little of the patronage awarded to residents of Illinois by the federal crowd has fallen to the lot of state organization men.

DEMOCRATS PLAN GREAT RALLY TO WELCOME FARLEY

Delegations From Every County to Springfield Tomorrow

Springfield, Ill., July 13—(AP)—Postmaster General James A. Farley visits Illinois tomorrow to make a speech at the state fairgrounds that will mark the formal opening of the Democratic campaign.

Leaders of all Democratic factions were gathered in the capital today to participate in the demonstration of loyalty to President Roosevelt and the New Deal.

Delegations are to be on hand from every county. The Cook county Democrats, headed by Mayor Edward J. Kelley of Chicago, will arrive on a special train.

"The sentiment in behalf of the Democratic party in Illinois is even stronger than it was in 1932," said Bruce Campbell of Belleville, state chairman, following conferences in all downstate congressional districts.

Campbell predicted that the Democrats would carry their state ticket, keep control of the legislature and elect at least two additional congressmen.

G. O. P. Makes Charges
Meanwhile the Republican campaign chief, Justus L. Johnson of Aurora, issued a statement charging that all Democratic officeholders are being summoned into Springfield, at state expense, to provide a crowd for Farley.

In addition to Farley, speeches will be made at the fairgrounds by Governor Hiram L. Hatcher, Henry T. Rainey, and Senators James Hamilton Lewis and William Dieterich.

The Democratic nominees for state offices, John Stelle, candidate for treasurer, and John Wieland, candidate for superintendent of public instruction, are to be introduced, as will also the nominees for congressmen-at-large, Michael L. Igoe and Martin Brennan.

Ton Lincoln Shrines
Farley, who speaks today at Indianapolis, will arrive in Springfield early Saturday. He will be escorted to various Lincoln shrines, including reconstructed New Salem where Lincoln served as postmaster, and will meet with the county chairmen and state committeemen. The state committee has been called into session for tomorrow morning.

At noon he will address a meeting of the Springfield Mid-day Luncheon Club at which many Illinois postmasters are expected to be in attendance. This speech, it is announced, will be non-political, dealing with the postal service.

FATAL RIOTING AT CLEVELAND'S RELIEF OFFICES

Two Killed and Three Wounded in Fighting This Morn

Cleveland, July 13—(AP)—Two persons were killed and three seriously wounded in a riot today at the Cuyahoga county relief administration offices in downtown Cleveland.

The gunfire started after someone in a crowd of relief applicants grabbed a riot gun from a policeman in a squad which had been sent to quell a disturbance.

A Negro woman was shot down, and died a few minutes later. A man believed to be named White was shot and killed instantly.

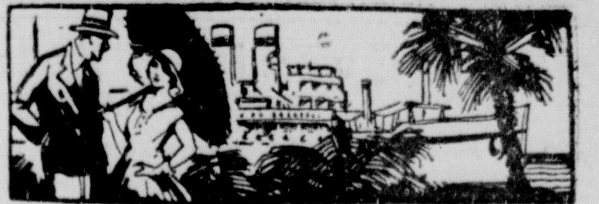

One policeman and a bystander were shot and as the firing continued, another woman fell with wounds.

The man who was killed was caught in the cross fire. Additional riot squads were rushed to the scene in great haste, and within 20 minutes order was restored.

THE SEWING GAME
When Mother gets her basket out, Upon a rainy day, There's going to be some fun, I know, 'Cause then I'm sure to play
A very happy little game Called "Learning how to sew." So right away I get my chair And place things in a row.

The scissors man with great big eyes Is ready at my hand, To snip a thread of just right length Whenever I command. The spools are very beautiful Of colors gay and true To match the cloth that I may use To make a gift for you.

But most of all in this nice game The thimble I love best; Without it there would be no fun In using all the rest. So nimbly does it help me out My task is neatly done And so the nimble thimble My heart has truly won.

"NOT CONSTIPATED FOR SEVEN WEEKS"

Writes Mrs. Johnson After Using Kellogg's ALL-BRAN

Sufferers from constipation will be interested in this unsolicited letter:

"Your ALL-BRAN surely relieves constipation. I am so glad over the good it has done me that I feel I must write and tell you of it.

"For lunch I take a banana, a large one. Six tablespoons of ALL-BRAN in a sauce dish, and dip banana at each bite until all is consumed. I haven't been constipated now for seven weeks."—Mrs. Louise Johnson, 1433 Forest Street, Denver, Colorado.

Constipation often causes headaches, loss of appetite and energy, sleeplessness. This condition is usually due to lack of "bulk" to exercise the intestines, and vitamin B to further promote regular habits. Kellogg's ALL-BRAN has both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the wastes. Try ALL-BRAN in place of patent medicines—often harmful. Two tablespoons daily will overcome most types of constipation. Chronic cases, with each meal. If not relieved this way, see your doctor. Use as a cereal, or in cooking. Recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

2 cups fresh ham, chopped
1 cup smoked ham, chopped
2 eggs
1 cup soft bread crumbs
1-2 teaspoon salt
1-4 teaspoon paprika
1 cup tomatoes
1 tablespoon chopped onions
1 tablespoon chopped green peppers
1 tablespoon chopped celery
2 tablespoons butter, melted
2 tablespoons chili sauce
Mix ingredients and pour into greased loaf pan. Bake 50 minutes in moderate oven. Unmold and serve, cut in slices.
Jellied Berry Tarts
6 baked tart shells
1 package lemon flavored gelatin mixture
1 2-3 cups boiling water
2 tablespoons lemon juice
1-2 cup sugar
2 cups berries
1-2 teaspoon cinnamon
Pour water over gelatin mixture and stir until dissolved. Add lemon juice and sugar. Chill until thick. Add berries and chili, pour into tart cases, set in icebox until firm. Spread with whipped cream and serve.

Keep ice box supplied with fresh fruits. They can be prepared quickly and served in cocktails, salads or as dessert. A mixture of watermelon and cantaloupe balls is very refreshing for appetizer or dessert.

Annual Picnic For Ladies of the G. A. R. on Thursday

The Ladies of the G. A. R. Dixon Circle No. 73, held their annual picnic Thursday at the home of the president, Mrs. Florence Onnen. The day was ideal. The tables were arranged on the driveway under the trees, and the lovely flowers as a background made it a picture long to be remembered by the largest gathering of recent years. The Ladies of the G. A. R. About seventy-five sat down to the first table which fairly groaned with its weight of appetizing food, including chicken and noodles, etc. There were many visitors present from Chicago, Freeport, Franklin Grove and Grand Detour. Mrs. Alice Kauffman, Past President of the Ladies of the G. A. R. of Freeport; Mrs. Susie Fletcher, Past National President of the Daughters; Mrs. Florence Barth and Mrs. Mae Gable, Past Presidents of the Daughters, of Chicago; and Mrs. Williamson of Kentucky, were included in the guest list. What made the day complete was the presence of Commander Orin Coltrin of Dixon Post No. 299; of Comrade Ford of Dixon; Comrade Ling of Franklin Grove and Comrade Schumacker of Grand Detour. Many were the words of praise for the president and her good husband for their hospitality.

400 Attend Reunion Silver Creek Church on Sunday

Silver Creek church located on the Mount Morris-Leaf River road was the scene Sunday of the tenth annual picnic and reunion of Tennesseans of northern Illinois, more than 400 being present to enjoy the fine fellowship dinner and program. It was the second successive year that the picnic had been held at this place.

The day was ideal for the occasion and the facilities were excellent for the basket dinner which was spread on two long tables. Mt. Morris folks again had charge of arrangements. The meeting was formally called to order by the president, J. S. Rodeffer of Mount Morris. William Brocwell of Polo led in the opening prayer. Following the cafeteria dinner the following program was given with the vice president, S. N. Shepherd of Rockford acting as master of ceremonies: Doxology sung by the audience. Address of welcome—Miss Gladys Rodeffer, Mt. Morris. Response to welcome—Rev. W. O. Beckner of Elgin. Vocal solo by Miss Ruby Ballard of Mt. Morris.

Instrumental music was furnished by the Griffin orchestra. Rev. R. E. Chander of Oregon was the main speaker of the day. In his address he reviewed various portions of his life, with a bit of philosophy, friendly advice, and religion intermingled here and there.

His pictures of the different personalities with whom he had come in contact and who impressed him definitely made each person resolve to try to mould his life in such a way that only influence for good would be passed on to others.

At the business session it was decided to hold next year's picnic in Krape park at Freeport. With the increasing attendance from year to year and due to the splendid facilities there for holding such a meeting a large gathering is again to be expected.

The following officers were re-elected for another year: J. S. Rodeffer, Mt. Morris, president; S. N. Shepherd, Rockford, vice president, and I. D. Rodeffer, Mt. Morris, secretary-treasurer.

Impromptu talks were given by Rev. John L. Tait of Polo and Wm. Ballard of Mt. Morris. S. N. Shepherd had charge of the contests and prizes were awarded as follows:

Mr. and Mrs. William Ballard of Mt. Morris, couple married the longest time. Mr. and Mrs. William Folgate of Mt. Morris, the couple married the shortest time. Mrs. B. C. Bender, Freeport, largest lady present. Mrs. William

Sublette. The single ring service was impressively read by the pastor, Rev. George A. Walter. The bride couple was attended by her sister, Miss Wanetta, as bridesmaid, and his brother Chester, acting as best man.—The bride was lovely in a gown of flowered rose chiffon with white accessories, while her sister wore a green eyelet embroidered frock with harmonizing accessories. The groom and groomsmen wore dark suits. Following the marriage ceremony a wedding supper was served at the home of the bride's parents, the guests including besides the bride and groom, Mr. and Mrs. Seymour Bonnell and son Chester of Sublette, Mr. and Mrs. Floyd Piolo, sister of the bride and her husband and Mr. and Mrs. George Vogeler and daughter Wanetta. The bride is a graduate of the Ashton high school with the class of 1933, and has a very charming personality which has given her many friends. The groom has been associated with his father in farming at Sublette where he has many friends, who, with the friends of the bride join in extending to the young couple their best wishes. Mr. and Mrs. Bonnell will reside with her parents for the present, later going to housekeeping in Sublette.

Summer Salads Light or Hearty

By MARY E. DAGUE
NEA Service Staff Writer
Salad meals are the order of summer days because they may be at the same time hearty and light. The combination of meat and vegetables in hearty salads is fine for summer because it helps to effect a balanced diet. Fruits also may be combined with meats or fish with good results. The vegetable or fruit acts as a filler for the salad and supplies mineral content and ballast in the diet. The following salad can be varied in several ways, as for instance: meat cubes of veal and matchlike pieces of carrots substituted for the beans and tongue.

Summer Salad
1 1-2 cups cold cooked beans
1 cup cold cooked ham
1 cup cold cooked tongue
1 Bermuda onion
1 green pepper
Cut ham and tongue in pieces the same size as the beans. Mix and add 2 tablespoons vinegar or lemon juice and 4 tablespoons of salad oil beaten with 1-2 teaspoon salt and 1-8 teaspoon pepper. Cover and let stand on ice for an hour or longer. When ready to serve drain from dressing. Wash pepper and cut in rings, removing seeds and white pith. Peel onion and cut in slices. Let stand in iced salt water for ten minutes. Drain and separate into rings. Pile alternating slices of onion and green pepper one above another on a leaf of lettuce. Fill this little piper and onion cup with the salad mixture and mask with mayonnaise.

Liver and Cabbage Salad
Liver and cabbage salad is unusual and delicious. You will need one cup diced cooked liver, 2 tablespoons minced cooked bacon, 1 cup diced celery, 2 cups shredded crisp cabbage, French dressing mayonnaise, curly endive. Marinate liver and bacon in the French dressing for one hour. A few drops of onion juice may be added to the dressing if wanted. Add celery and cabbage and mix lightly. Serve on a bed of curly endive and top with mayonnaise.

Sweetbread Salad
Sweetbread salad can take the place of chicken salad for party affairs and is easier and quicker to prepare unless you use canned chicken. The sweetbreads are soaked in cold salted water for one hour, simmered in salted acidulated water for twenty minutes and then blanched in cold water. Remove all membrane and connecting tissue and cut in neat dice. 2 cups prepared sweetbreads 2 cups shredded celery 1-2 cup blanched and coarsely shredded almonds 1 cup peeled and seeded white grapes. French dressing Mayonnaise Lettuce hearts Marinate sweetbreads in French dressing made with a combination of lemon juice and tarragon vinegar. Let stand on ice one hour or longer. When ready to serve drain from dressing and combine with prepared materials. Add mayonnaise to make moist and serve in nests of lettuce hearts. Garnish

Happy Day At Home of Mrs. Ira Kendall, Wednesday

On Wednesday July 11th, Mrs. Ira Kendall delightfully entertained at her home the members, friends and children of the St. James Aid Society and Fairville Social Circle to the number of seventy-five. The porch of the home was decorated with bunting and each one as they entered were asked to register. At noon a delicious picnic dinner was served on two large tables. Bouquets of flowers graced the center of the tables and around them they were heavily laden with sandwiches, salads, pies and cakes of all kinds. After all enjoyed this hearty meal and had a social chat, the meeting was called to order by the president. All joined in singing a hymn, "He Leadeth Me." The President then read the 1st Psalm. Minutes of the last meeting were given, roll call and the treasurer's report followed.

During the business session plans were made for the annual picnic held in August at the Franklin Grove camp grounds August 5th. A very interesting program was then rendered by both societies, as follows:

Piano solo—Bess Miller. Whistling solo—Ruth Rosbrook. Vocal solo—Marion Myers. Reading—Mrs. Hardy. Vocal solo—Estella Fuqua. Vocal duet—Mrs. Kendall and Mrs. Wolf.

Encores to the numbers were very graciously given. The meeting closed by all repeating the Lord's Prayer. Mrs. Topper then had charge of recreation which consisted of several clever stunts and two games played on the lawn.

At a late hour all departed for their homes, expressing to Mrs. Kendall many thanks for the lovely day spent at her home.

Surprise Mr. and Mrs. Geo. Baker Wednesday Evening

On Wednesday evening, neighbors and friends to the number of fifty gathered at the I. Baker home, on the Polo road, and completely surprised Mr. and Mrs. George Baker, who were recently married. Mrs. Baker was Mary Louise Larson before her marriage. A very enjoyable evening was spent in cards, playing games and visiting. The young couple received many lovely gifts with the best wishes of their friends, for happiness.

Harry Simester to Wed Helen Downing

Friends of the Simester family will be interested in the news that the Rev. and Mrs. A. E. Simester will be in Floral Park, N. REAR ADMIRAL HOBSON.

Richmond Pearson Hobson, who, as Lieutenant Hobson under command of Admiral Sampson, sank the Merrimac at the mouth of Havana harbor to "bottle up" the fleet of Admiral Cervera, has been voted the rank of rear admiral, with retirement pay of \$4500 a year.

We are not a good judge of values of various deeds of heroism, and in comparison with what others have done and have received, we are unable to determine whether he is overpaid or underpaid. It is worth while, however, to recall the spirit of Lieutenant Hobson, and the service he sought to render his country, when we are reading from day to day about the young men who are proclaiming that they will not serve their country in time of danger.

They are not going to be worth much to their country either in uniform of a soldier or in a nudist colony or in whatever dress they may prefer, until they get a new line of thought, which many of them will when they get out of the silly age.

They are of the type of young men who next will make a public declaration that the country owes them a living whether they work or not.

It is well at this time that the congress of the United States should call public attention to the individual courage of what patriotism and real service to one's country is.

The World war was a mass action so stupendous that the public eye seldom was focused upon single acts of heroism such as that of Hobson and his crew of seven, who volunteered to take the collier out and sink it under enemy fire and take chances of ever returning to their ship.

It is worth dramatizing for what it was, and no person who lived in that era and remembers the spirit of it ever will question the righteousness of the bestowal of rank upon the daring lieutenant whose name went around the world just as that of Captain Lindbergh did thirty years later.

BLIND SELFISHNESS.

A more complete misunderstanding of the essentials of modern urban life has seldom been seen than that displayed by the New York woman who sued for an injunction to prevent use of a public school playground adjacent to her home, except at such time as school actually was in session.

In her bill this lady charged that prolonged use of the playground by children was "a nuisance and a menace to public health."

Someone who knows all about the facts of life ought to take this lady on a little trip some time. She should be shown how children have to play in the streets, when public playgrounds aren't available; and she should be shown the way in which the street breeds crime, degeneracy, and general all-around trouble for the community which forces children to play in it.

Then, maybe, she'd see a light, and realize that a constantly used playground is a lifesaver and not a menace.

NEW TEST OF POWER.

One of the most important cases that will face the U. S. supreme court, when it convenes next fall, will be the one dealing with the Iron Mountain Railroad and its 30-year gold bonds.

Some 30 years ago this railroad (now part of the Missouri Pacific) issued bonds which contained a promise to pay in gold coin "of the present standard of weight and fineness." When time for payment came along, the nation had abandoned its gold standard and Congress took the gold clause out of all public and private bonds.

The present lawsuit over these railroad bonds constitutes a test of Congress' power to take such action.

The federal court of St. Louis has upheld Congress, ruling that these old gold clauses are unenforceable. So now—what will the supreme court do? If it rules the other way, a big monkey wrench will land right in the middle of the New Deal's chief cogwheels.

Here's How the "Big Parade" Actually Looks!

Gigantic ostriches, giraffes, elephants, leopards and many other jungle denizens will parade the streets of this city on Tuesday, July 17 at 4:15 o'clock. All are animated; all apparently move under their own "live power." Sound trucks play the old time circus airs, and the modern melodies. The whole caravan has the appearance of a circus parade but gasoline alone is the motive power. The parade, appearing in more than 600 cities, never has missed an engagement.

Living Our Everyday Lives

By Dr. Joseph Fort Newton

Dean Gauss of Princeton tells us that a society is vital and great so long as it creates great individuals; but if it creates only a lot of great individuals, it is doomed to destruction.

The difference between the two is simple but fundamental, as he goes on to point out. The individual is great by virtue of what he bestows upon others, through no loss to himself. In other words, he gives back to society as much as he takes out, gives it back enriched.

The individualist, on the other hand, achieves his power only by virtue of what he subtracts from others; by what he takes from society and devotes exclusively to his own aggrandizement and use.

Washington was a great individual; he gave himself, his money, his time, and was ready to give his life, if need be, serving the common cause. Burr was an individualist, seeking by treachery to build an empire for his own glory.

Washington won everlasting gratitude; Burr won infamy. That is to say, Burr remained static in his mind, and became a throwback, a hang-over from an age gone by, dangerous to his country. Washington grew with his age, grew into a new time, and became one of the greatest leaders of men that ever lived—honored beyond all others.

Such is the situation confronting us today, as Dean Gauss sees and interprets it. Because a new day has dawned, and because man has changed so little in a world which he himself has changed so radically, he now finds himself in a desperate state of unstable insecurity and chaos.

To put it in other words, our

"rugged individualism" will not work in the new world of today. It has become ragged, and will have to be reconditioned by a finer social sense and more skillful teamwork. Else the collectivism toward which we are headed may become conscription, and what cost so much, and means so much may be lost in a new despotism.

What we need today is not only great men, but great souls who see the way God is going, and have the wit and will and skill to get things—including themselves—out of His way before it is too late.

WHAT PROGRESS IN CANCER?

An editorial published in The Lancet, a leading English medical journal, makes a most intelligent and genuinely encouraging comment on cancer.

"Some years ago a distinguished authority committed himself to the statement that cancer is a mystery; the solution of which surpasses the wit of man. Such pessimism," the editorial correctly states, "is out of date. Cancer will remain a mystery to those who look for a single factor as the cause of cancer; to those who search for it in civilization, in diet, in cosmic rays, or what not."

But to those who study the problem with the broad viewpoint of a true scientist, there is much encouragement in the vast accumulation of careful observations gained during the last 30 years.

In this connection we must take note of recent discoveries which link certain chemical substances, known to be capable of producing experimental cancer, to certain substances found normally in the human and animal body. Folliculin is such a substance.

From Paris comes the report of

experimental work having a bearing on all of this. By selective breeding, two strains of mice have been developed. One of these is highly susceptible to the development of spontaneous cancer of the breast in the female mouse; the other is highly resistant to such developments. The males of both strains never develop spontaneous cancer of the breast. However, the experiment showed that, by injecting folliculin into the male mice of

Here we have evidence which suggests the existence of mice of an inherited susceptibility toward cancer of the breast, which susceptibility becomes manifest when the animal is exposed to a provocative agent. And this evidence is a valuable contribution to our knowledge of cancer.

POETS' CORNER

THE RAIN

Patter, patter comes the rain,
Aslant against the window pane:
I can see the large drops fall—
Mystic globules, perfect all;
See them speed their downward

way,
Fall, they weep themselves away,
So, against my weary brain
Thoughts come tapping like the rain:
Radiant thoughts, from far-off
spheres,
Strike, then spend themselves in
tears.

O ye rain-drops clear and bright?
O ye thoughts on wings of light?
Will ye never, never tell
Of the regions whence ye fell?
Tell us whence ye come, and why
When ye reach us then ye die
Are ye voiceless evermore,
Only moaning, moaning ever,
When your beautiful forms are
driven
'Gainst the cold and glassy pane—
'Gainst this hardened, earth-worn
brain.
In your fruitless, vain endeavor
To convey to mortal ears
The language of the far-off
spheres?

The camp was as it could be. "Oh, gee, this place appeals to me," said Doty. "I just hope they will let us stay here a long while."

"With Goldy I'll sleep in a tent." Then up to one of them she went. "Oh, my, this looks comfortable!" she shouted with a smile.

Wee Scouty in the meantime, to one soldier said, "I wish that you would make things clear and tell us what this little camp is for."

"It will be agreeable to me to stay, but it is a mystery. Is this place just a fun camp, or are you engaged in war?"

"Ah, sir, the latter is quite right. We have pitched our tents so we can fight. We are the army of the Happy Cheerful Chaps, you see."

"For having fun we are very strong. We never do a thing that is wrong. However, there's the Mean Army, our worst enemy."

"The Mean Army of 34 play tricks on folks and then they roar."

They challenged us to fight and accepted. War's declared! "They are camping no so far away, and we have been fighting every day. Now, we want you to help us fight, unless you lots are scared."

"Aw, we're as brave as we can be," we Scouty said. "And, as for me, I will gladly join your army, if the fighting is just in fun."

"I've noticed that all of you boys have cork guns, and they just make noise. It will be fun to fight, as long as there is no harm done."

"The other Times," with a grin, agreed that they would pitch right in. Then they were given soldier suits and, my, but they looked very grand.

Brave Doty and wee Goldy then dressed up like real war nurses when a little soldier told them that they, too, could lend a hand.

(The Times view the enemy's camp through a spyglass in the next story.)

LEE CO. JUDGE RETURNED BOY TO HIS FATHER

Leech Decides Peculiar
Case in Sterling
City Court

Sterling, July 13.—Declaring that it was one of the most complicated cases, as well as the first case he had ever heard in which there were two adoptions, Judge William Leech of Dixon dismissed the petition for a writ of habeas corpus in the case in which C. P. and Thelma Dow sought the custody of Albert Keebler. The court further declared that the adoption papers were illegal and mended no words stating from the evidence in the case, that Mr. and Mrs. Dow were not fit persons to have the care and custody of the boy in question. He instructed the Dows to not bother the boy in any manner from now on. State's Attorney L. L. Winn represented the Keebler boy.

Adopted, Abandoned
According to the records and testimony, the boy was adopted by Fred and Katherine Cannon when he was an infant, following the divorce of the Keeblers. He was abandoned in about a year and was taken by the Dows. The testimony of the boy and others disclosed that living conditions in the Dow home were unfit for any child. He was forced to sleep on a mattress in a dark attic room and about the only food he obtained was what he got for himself.

For Legal Inspection
In commenting on the case Judge Leech spoke of the bill he sponsored in 1915 in the State Legislature, which provides for an inspection of homes into which children are adopted. He cited a case which had come to his personal attention in Dixon in which the child involved in an adoption had gone wrong because of the improper environment of the home. With Dow, an ex-convict, having pleaded guilty to a statutory charge and served time in the state penitentiary at Joliet, he felt that the home was anything but what the boy should have.

The boy was given in the custody and care of his father, George Keebler. The case is one that has occupied considerable time.

BROOKVILLE

By OLIVE BOWERS
Snyder—Parala Wedding
A simple wedding ceremony which took place at 4 o'clock on Sunday afternoon at Grace Evangelical church was performed by the pastor, Rev. J. E. Widmer who united in marriage the lives of Clarence R. Snyder and Miss Winnifred Parala both of Flint, Michigan. The bride and groom entered the church to the strains of Lohengrin's Wedding March played by Mrs. L. R. Homadew. They were attended by Mr. and Mrs. Harold Widmer of Mason City, Ia. After congratulations the bridal party which included the newly married couple, Rev. and Mrs. J. E. Widmer, Harvey Widmer, Mr. and Mrs. Harold Widmer and Miss Dorothy Nesemeyer, motored to Dixon where a three course wedding dinner was served at the Manhattan cafe, the especially appointed table held a large bouquet of gladioli and baby breath. After a few hours of conversation Mr. and Mrs. Snyder left for the home of her parents at Houghton, Mich., where a reception was held in their honor at 6 o'clock Monday evening. Mr. Snyder who is a close friend of the "Widmer" family is manager of the Canon shoe store at Flint. Mrs. Snyder is supervisor of a hospital for invalid patients also at Flint. Mr. and Mrs. Snyder will reside at Flint.

Mr. and Mrs. H. W. Brooks were recent guests of the latter's brother-in-law and sister, Mr. and Mrs. W. T. Anson at Princeton.

Mr. and Mrs. T. A. Rugland and family spent the week end with the former's brother, Magnus Rugland and family.

Earl and Ralph Irvin of Malta spent the week in the home of Mr. and Mrs. Glen Unger. Earl has been engaged the coming year as eighth grade teacher in the Warren schools.

Mr. and Mrs. W. T. Miller had as visitors in their home on Sunday Mr. and Mrs. Lee Allen of Oregon.

FAGIN OF HILLS KILLED IN GUN PLAY YESTERDAY

Young Companion and a
Bank President Also
Fell in Battle

Tulsa, Okla., July 13.—(AP)—The Fagin of the Cookson hills is dead. Known to peace officers and friends alike as the "old man of the mountains," John R. Goodman, 72, died as he often predicted he would—"burning it out with a posse."

Identity of Goodman as one of the bandit pair who fell yesterday before the fire of a small town banker, Eaulun Gregory, his son Luther and Oscar Blackford, a farm hand, near Ketchum, Okla., was definitely established through fingerprint files.

Gregory and Goodman's young

accomplice also were killed. The youthful robber was unidentified. Officers shook their heads almost mournfully in discussing the history, life and death of the man who also was known as "Kaiser Bill."

Fitting in and out of the Cookson hills, Goodman, during almost 30 years as resident of the area, learned its hills, valleys, and hide-outs better than perhaps any other living man.

With the passing of his older pals as the law made heavy inroads into the area's early day criminals, Goodman has turned more and more to younger "assistants" during recent years, police said.

In accepting these younger men Goodman acquired the reputation of a "Fagin" teaching telling and even demonstrating the intricacies of robbery, burglary and other crimes.

VETERAN CHICK EVANS TO FACE HIS THIRD TEST

He Will Have Youngster from New Mexico as Opponent Today

Oklahoma City, July 13—(AP)—Charles (Chick) Evans, the "grand old man" of the western amateur golf tournament, faced his third test today, seeking his ninth western championship.

The 44-year-old Chicago veteran had as his quarter-finals opponent a youngster from New Mexico, Verne Stewart of Albuquerque, state and southwestern champion. His shirt tail flew in the breeze and he wisecracked with every faulty shot yesterday as he defeated Grable Duvall, Jr., Kansas City, 6 and 5, to survive the second round. Stewart advanced by eliminating Bob Conliff, Jr., Oklahoma City, 2 and 1.

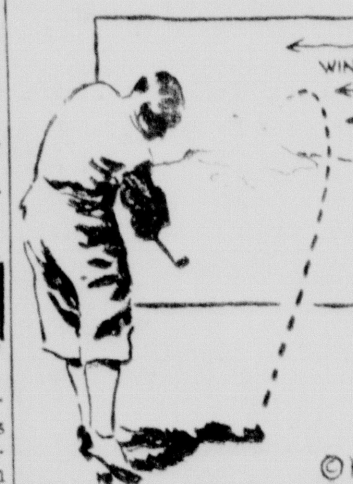

Moving out first at 9:30 A. M. (C. S. T.) were Jack Westland, Chicago, the defending champion, and David Goldman, Dallas.

Rockford Man Beaten

Charlie Yates of Atlanta, national collegiate champion, hustled Sonny Manarchy, the Rockford, Ill., hitch-hiker, out of the way, 5 and 4, yesterday for the right to meet 18-year-old Paul Leslie of Jefferson City, the Missouri intercollegiate champion, who killed the title hopes of Jack Malloy of Tulsa.

Yates 5 and 4 shellacking of Manarchy was one of the most decisive victories of the day. On the first four holes, the Georgia Tech intercollegiate titleholder went four up on his rival and for the first nine holes Yates had a blistering 33, two under par. The collegian let down on the tenth and eleven and lost both, Manarchy taking two 3's, the first a birdie. Charlie then took the 12th with a par 4 and the 13th with a bogey 5. They halved the 14th, ending the match.

GOLF By Art Krenz

One of golf's greatest hazards is the wind. It is ever so much more difficult to control an iron shot on a windy day than otherwise.

Good golfers never fail to take note of wind direction and velocity when they tee off. They seldom try to do the impossible when the wind is blowing a gale, and sometimes actually sacrifice a stroke, playing away from the green in order not to run the risk of being blown into a trap on a direct shot.

Play your game slowly and try to wait for a letdown in the wind before making your shot.

Heavies and heavyweights, has indicated he will reclaim the mid-weight title, make 160 pounds for the Corbett match and thus put the title on the block for the fight.

TIGERS OUSTED TANKS FROM TOP POST IN LEAGUE

Giants Also Lost a Little Ground to Climbing Cubs

By HUGH S. FULLERTON (Associated Press Sports Writer)

The Detroit Tigers had regained the American League lead today by beating the club that was ahead of them, the New York Yankees.

When it was over the score read Detroit 4, New York 2; the figures in the percentage column were Detroit .628, New York .627, and both teams were looking forward to three remaining battles of the series.

Spurred on by the largest week day crowd of the season at Navin Field, 20,000, the Tigers spotted their rivals a run in the first inning, got to Johnny Broaca for two in the same frame and then stayed ahead through Schoolboy Rowe's fine pitching and some great fielding behind him. Rowe's contribution to the victory, Detroit's sixth in a row, was to give up six hits, all in the first six innings, and to strike out eleven.

Giants Lose Ground

While the Yanks were going down the New York Giants also were taking a setback in a slightly less important series. The Giants got only an even break in a double header with Pittsburgh and wound up only one game ahead of Chicago, which took a one game decision from Boston.

Lefty Larry French was Pittsburgh's means of breaking a "jinx" which had cost the Bucs six straight games against New York. He turned in a fine six-hit game to win 3 to 1 in the opener as Gus Suhr and Earl Grace supplied homers for the deciding runs. The Giants concentrated their hitting in the second game when they belted Ralph Girkofier out to score six runs in the first inning and won 11 to 1 with 16 blows to back Carl Hubbell's six-hit flinging. Hubbell, winning his 13th game of the year, gave only one hit in the first five frames.

Braves Crippled

Chicago's advance was largely the result of the misguided efforts of a crippled Boston infield. The Cubs won 7 to 4 and four of their runs came through Boston errors. Bill Urbanski was laid up with a charley horse and the revamped inner defense failed to function.

Two other doubleheaders on the National League program ended in even breaks. The third-place Cardinals defeated the Phillies 9 to 5 in a game that turned into a slugfest after Pitcher Paul Dean sprained an ankle sliding into a base in the third inning. The Phils kept right on clouting behind Curt Davis and won the second game 8 to 3. The Dodgers and Reds provided the lighter touch in a pair of games which produced a total of 52 hits, including a pair of circuit swats by Gordon Slade. Brooklyn won the first game 9 to 7 and Cincinnati the second 13 to 5.

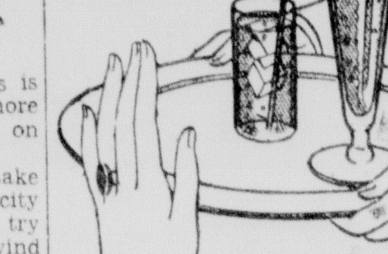

Down at the bottom of the American League standing, the White Sox defeated the Athletics 3 to 2 when a ninth inning run decided a duel between George Earnshaw and Merrit (Sugar) Cain after Bob Johnson had punted his 26th homer for the A's to tie Jimmie Fox for the major league lead. The Washington-Cleveland contest, the only other game on the schedule, was rained out.

Rosenbloom to Meet Knight or Olin for Title Within Month

Miami, Fla., July 13—(P)—Champion Maxie Rosenbloom of the light heavies, ordered by the New York Boxing Commission to sign for title defense within 30 days, had a proposal today to fight Joe Knight of Cairo, Ga., in Atlanta's ballpark Labor Day.

Knight was one of the two men—Bob Olin of New York, the other—named by the commission as Rosenbloom's optional opposition.

"Hold the Highball"

Wherever you go at the better places you constantly hear the customers saying:

"Hold the highball. Make nine Drewrys Ale."

For they have learned—and you might try it—that a bottle of Drewrys has all the strength of a highball or cocktail and yet is so mellow and mild to the taste that you get a cooling, soothing rather than a fighting reaction.

And there is always enough in a bottle of Drewrys to satisfy your thirst completely.

Try it next time a round of drinks is ordered. Tell the waiter to hold the highball and make yours Drewrys Ale.

Old Time Drivers to Drive Old Autos in Race at World's Fair

Chicago, July 13—(AP)—Thirteen old time race drivers dared the "Friday the thirteenth" jinx and the whims and vagaries of thirteen antiquated horseless carriages in a test of speed today at the World's Fair ground.

The number 13 position on the track was held by Barney Oldfield whose mount was a 1904 Maxwell. The oldest "speedster" in the race was an 1896 Tally Ho, with Arthur Gardner as the driver. Cliff Woodbury had a 1907 Staver, B. H. Szaenzberg was entered with a 1907 International Farm Wagon and Andy Burt drove a 1900 Stanley Steamer.

The more daring of the drivers freely predicted that the winner would have to cut loose with the breakneck speed of 30 miles an hour.

CAVALCADE BIG FAVORITE FOR RACE SATURDAY

Owner Is Still Uncertain About Starting Peace Chance in Classic

Chicago, July 13—(AP)—With Peace Chance, winner of the Belmont Stakes in sensational time, listed as a doubtful starter the deciding race for the three-year-old championship of the American turf in the \$45,000 Classic at Arlington Park tomorrow, found Cavalcade an outstanding favorite today.

Pete Coyne, trainer for Joseph D. Widener of New York, owner of Peace Chance, said he would wait another 24 hours before making a final decision as to whether Peace Chance would go to the post. The thoroughbred is suffering from a

wrenched knee, but showed no signs of favoring it in his walks around the paddock yesterday.

As the race shaped up today it appeared probable that ten might go to the post, with Cavalcade, of the Brookmeade Stable, already a triple-Derby winner for purses totaling nearly \$100,000, having Good Goods as his running mate. Smiling Bob Smith, trainer of Cavalcade, displayed no fear of Discovery, the envy of the young New York sportsman, Alfred Vanderbilt, or Peace Chance, if he goes to the post.

Hadagal Dark Horse

Vanderbilt, however, said he believes his entry is in better condition for tomorrow's race than at any time this year, adding:

"I expect him to give Cavalcade the toughest race of the season."

The real dark horse, if there is any such thing in this race, is Hadagal, the entry of Warren Wright of Chicago. Last season Hadagal was rated among the dozen leading juveniles of the country, and if the track is fast he is a sure starter, according to Wright.

Mrs. Isabel Dodge Sloan, owner of Cavalcade, believes her prize three-year-old will have no trouble

in plowing through the field to the 1934 three-year-old championship.

New RIVERSIDES

FIRST-QUALITY TIRES AT 18% TO 20% LOWER PRICES*

WITH New Precision-Built FEATURES

EXAMPLE: SIZE 29 x 4.40-21—Only

\$5.20

Every day more and more value-wise tire buyers are changing to Wards entirely new, FIRST-QUALITY Riversides because they know that these tires are built for still greater speeds, still greater tire strains than needed for cars of today. Built to give this extra margin of safety and mileage . . . backed by the strongest unlimited guarantee ever placed on any tire.

The big broad flat tread that Riverside developed has been made flatter than ever. More rubber has been put into it and on the road by nesting center-traction, non-skid blocks more closely, by combining wider running ribs with heavier side-wall buttresses. And it's all new SUPER-VITALIZED rubber—so much tougher that it alone adds 15% to tread wear.

The carcass is more resistant to fatigue—better cords are used. Far safer too because it is double insulated against heat and friction, greatest blowout cause. First by famous Riverside Latex-dipping, second, by layers of insulating rubber between every ply!

*Actually 18% to 20% lower than Wards first-quality Tires were priced four months ago.

NAVY PLANNING TO BUILD ABOUT 15 SHIPS EARLY

Treaty Strength by 1942
is Hope of the
Department

By Douglas B. Cornell
(Copyright, 1934, by The
Associated Press.)

Washington, July 13.—(AP)—Looking toward treaty strength by 1942, the Navy has adopted a plan calling for 5,500 more enlisted men and the laying down of 19 new ships in the fiscal year ending June 30, 1936.

This "operating force" plan would give the navy 88,000 men, as compared with 82,500 during the present year. The new ships would include 12 destroyers of 1,500 tons each. Two heavy destroyers and five submarines.

A high navy official said the building program is being pointed toward a future plan of laying down around 15 ships—regularly—each year. This number will take care of obsolescence and provide necessary replacements even of battleships. The cost is estimated at around \$95,000,000 a year.

Approach Gradual
Gradually, this goal is being approached. Thirty-two ships were started the past fiscal year and twenty-four will be laid down this year.

The program depends, of course, on what money congress provides. Budget estimates of the cost of the 1936 program have not been prepared.

Officials figure, though, that a submarine would cost at least \$3,500,000, a heavy destroyer \$7,750,000 and a light destroyer \$4,400,000. On this basis the 19 new fighting craft would cost about \$65,000,000.

Compared with the present man power, which is said to be 81 per cent of "complement," an enlisted personnel of 88,000 would raise the strength to a little more than 86 per cent.

The plan is to keep battleships at 85 per cent, along with aircraft carriers, cruisers, minelayers and fleet aircraft.

Plans for the establishment of an exclusive boys' school near Oregon, now under way, were explained before the meeting of the local Chamber of Commerce July 1, by Jos. Swanson of Lombard, Ill., who has been negotiating for a site north of here for some time.

While the plans are yet incomplete the site in question is a portion of the farm of the late Justice James H. Cartwright, a mile north of Oregon, on the Blackhawk trail, is an ideal one.

Mr. Swanson now operates the Indian Hills Academy at Winnetka, and desires to transfer his school to this vicinity.

According to present plans, a rustic school structure will be erected on the site north of Oregon for the accommodation of approximately 100 student boys from 10 to 18 years of age, eligible for enrollment.

An option on several acres of the property owned by the Cartwright estate has been secured by Mr. Swanson. The school will be known as the Rock River Valley School for Boys and will provide training in agricultural lines and other outdoor activities in addition to academic fields.

Whether or not the school will be in operation this fall is not known, although Mr. Swanson plans to bring a unit of boys here for the opening courses this fall. A temporary building will be used until the structure is completed if plans materialize.

GOOD THOUGHTS

If you intend to go to work, there is no better place than right where you are; if you do not intend to go to work, you cannot get along anywhere.

—Abraham Lincoln.

I pity no man because he has to work. If he is worth his salt he will work.

—Theodore Roosevelt.

Strength to perform great tasks, comes to those who have their heart in their work.

—Calvin Coolidge.

Be strong. We are not here to play, to dress, to drift, We have hard work to do, and we have to lift. Shun not the struggle—face it, 'tis God's gift.

—Maltbie Babcock.

How different life would be if we said softly to ourselves as each morning dawns: "This is the day which the Lord hath made." How changed would seem its duties and privileges, its opportunities and gifts; its possibilities and demands. Home and business, work and pleasure, would all be bright with the glory of His presence.

—J. Stuart Holden.

To one not seeking spiritual guidance, the daily pursuits may appear to be tedious; while to another who has started his day with spiritual vision, the same vocation may appear as an opportunity to see how accurately, promptly and efficiently the given work can be done. To him the days will seem short and the effort unlaborious. Such a one is happy and wonderfully blessed, and can continually say "This is the day which the Lord hath made." "He will rejoice and be glad in it."

—The Christian Science Monitor.

CHURCH OF THE BRETHREN

William E. Thompson, Pastor. We are very grateful for the loyal support of the members and friends of our Sunday school. We will appreciate this continued cooperation in building up the attendance of our school which

starts every Sunday morning at 9:30.

Nearly all who attend Sunday school remain for the preaching service. "How to Become a Christian" will be the subject for this Sunday morning. Mr. and Mrs. Edward Myers will sing.

We take pleasure in presenting a most excellent service at 7:30 entitled "Mother Goose and Her Missionary Family." This play will be given by twenty boys and girls and we do not hesitate in urging our friends to attend. This will be a very interesting service and will no doubt be largely attended. Come early. The program will be as follows:

Like the Weather

"Money," said Hi Ho, the sage of Chinatown, "is like the weather, which brings either comfort or distress. All we really know about it is that it is inevitable."

PEOPLE'S COLUMN

CLUB SEEKS SUPPORT

Dear Mr. and Mrs. Public—A few local sportsmen have organized a club. We have designed this club as the Rock River Valley Rod & Gun Club. The objects of this club may be best explained by allowing you to read Article II of our By-Laws:

Article II (Objects)

Section 1.—The objects of this organization shall be as follows:

To advance the protection, propagation and conservation of fish, game and insectivorous birds, in both state and nation, and to assist in the enforcement of laws for the preservation of fish, game and forests; to do everything possible to eliminate pollution of our water courses, from the standpoint of public health, scenic beauty and as an economic measure as well as to restore fish and game life; to prevent the malicious destruction of property by hunters and fishermen; to assist in the prevention of forest fires; to interest and educate the general public in the more sportsmanlike methods of taking fish and game, to interest the general public in the vital necessity for reforestation; to bring about more friendly relations between sportsmen and landowners; to encourage the study and to record

the natural history of fish and game species; to maintain a clean and wholesome out-of-doors in which to grow red-blooded, courageous American sportsmen.

We have arranged a definite program by which we aspire to obtain our objective. Our program may seem very limited but we believe it best to concentrate our efforts rather than to scatter them.

First on our program we desire to obtain a state-controlled fish hatchery to be situated in this county. Until that is completed the remainder of our program is to be shoved into the background.

We must have the backing of every person in the Rock River Valley if we are to succeed. Therefore we ask that all persons interested in preserving our wild life for the future join our organization.

Again we refer to our By-Laws:

Article V (Membership)

Section 1.—Any person subscribing to the objects of the organization may become a member upon acceptance of its application and payment of the dues hereinafter designated.

Section 2. The Board of Directors may elect to honorary membership any person they may deem worthy.

Article VI (Dues)

Section 1.—The dues for membership of the organization shall be payable in advance. Yearly dues shall cover the period from the time of payment to the next succeeding annual meeting. The dues shall be \$5.00 per year.

The picnic planned by the Rod & Gun Club for July 15 has been postponed until a later date.

Doubts About Sphinx

Photographs of the Sphinx taken from many different angles show that the head is remarkably negroid in type. This discovery raises a doubt as to whether this wonder of the world was really built by Khephren, successor to Cheops, as now believed.

One Dillinger Gang Girl Free

Only one of the girls who played prominent roles in the Dillinger gang terror reign to remain free, Mary Kinder is shown here with her pet dog, at the Indianapolis home of her mother and sister. She disclaims knowledge of Dillinger's whereabouts or his plans and has given up hope that Harry Pierpont, her gangster husband, will escape death in the Ohio electric chair.
